BOMA 'GETS CONNECTED' WITH KC CHARITIES AND BUSINESSES

Kansas City, MO, October 4, 2011 - September was a busy month for members of BOMA Kansas City (BOMAKC). On September 12, 2011, members hit the greens at Sunflower Hills Golf Club during their annual golf tournament. Proceeds raised from the annual tournament were given to Hope House, Women's Employment Network, The Community Good Shepherd, Harvesters and BOMA PAC. During the tournament, members played along with the chosen Monopoly theme, keeping the game fun and comical for all golfers.

September 25, BOMAKC members attended a fun social outing at Livestrong Sporting Park. Konrady's Lawn and Landscaping served as ticket sponsor. BOMAKC's social committee also treated members to complimentary game tickets. A pre-game tailgate party & barbeque was sponsored by Martz Brothers Snow Management.

BOMAKC members ended the month at Design Mechanical's headquarters for a one day LEED Green Associate exam preparation session led by Jenny Bloomfield of JE Dunn. These BOMA members are now eligible to register through the Green Building Council Institute for the LEED Green Associate designation.

For more information, or if you are building owner, or property manager, and are interested in a membership with BOMA Kansas City, please contact us at bae@bomakc.com. Get Connected.
